*Understand the connections between local inclusionary housing policies and today’s
federal initiatives for partnerships involving housing, transportation and the environment.*

Learn from the experts at the 2010 National Inclusionary Housing Conference in Washington DC! *Building Sustainable and Inclusive Communities* will inform and inspire attendees at various levels of expertise on the topic.

Is your community considering or currently crafting a policy? Or are you looking for help implementing an existing policy? This conference is designed to inform and inspire you - - and to connect you with outstanding experts and resources.

Learn about the value of Inclusionary Housing and how this promising policy tool is working in a wide variety of locations. Hear about best practices and get answers to challenges that arise with any inclusionary housing program.

Tour successful communities and hear from key HUD officials. NIHC 2010 will bring together state and local practitioners with federal policymakers to discuss policy options that will result in sustainable and inclusive communities.

On the Agenda...

- * *Inclusionary housing: the why and how*
- * *Creating sustainability and inclusion*
- * *Transit-oriented development*
- * *Crafting/amending to withstand legal challenge*
- * *Best practices for implementation and long-term impact*
- * *Tours of successful inclusionary housing*
- * *Roundtable discussion with federal officials*
- * *How inclusionary zoning furthers fair housing*
